

Quality, Environmental, Health and Safety Policy

New Life Technologies is committed to provide solutions for the responsible and effective management of any organization's cell phones and tablets in a manner protecting the environment, worker health and safety, our clients and our community.

In a manner protecting the environment, worker health and safety, our clients and our community.

- New Life Technologies is committed to continual improvement.
- New Life Technologies is committed to the prevention of pollution and prevention of injury and ill health.
- New Life Technologies is committed to comply with applicable legal and other requirements relative to the environmental and occupational health and safety aspects of our business.
- New Life Technologies is committed to providing a framework for setting and reviewing quality, environmental, health and safety objectives and targets.
 - New Life Technologies is committed to manage used and end of life electronic equipment based on a reuse, refurbishment, recovery, disposal hierarchy including onsite and downstream materials management throughout the recycling chain.
 - New Life Technologies is committed to manage Focus Materials throughout the recycling chain to final disposition with due diligence to protect our environment.
 - New Life Technologies is committed to continuous improvement achieved through monitoring of objectives and targets and rigorous evaluation of our management system.
 - New Life Technologies is committed to communicating and reinforcing this policy throughout our company, as well as, to our customers, our suppliers and to the public.
